

Headteacher Welcome

We are a one form entry school in Uckfield, set in extensive grounds. We are a welcoming school with a strong community. Recognising that each of us is unique, we encourage everyone to reach their potential, through having high expectations and offering a wide range of opportunities; academic, sporting, musical, creative and spiritual. Our children leave us having attained high academic standards and with a love of learning and also as caring, considerate young people with sound moral values. If you would like any more information or would like to visit our school, we would be very pleased to meet you.

With very best wishes

Joanna Sanchez Headteacher
