

St. Philip's Newsletter

16th October 2020

Dear St Philip's Families,

We are nearly at half term – the weeks seem to have flown by. I know the children will be glad of a break, as many of them are quite tired after a busy half term. We are really glad that school has stayed open to all children, as initially we were just taking one day at a time. The children have had a wonderful half term and we are so pleased to see the progress they have made, after the disrupted year we have all experienced.

Catholic Life

This week my assembly with year 1 and 2 looked at Cafod Harvest. We explored the work of Cafod, supporting people around the world. We are unable to hold our usual Harvest events this year, but would be pleased to take donations for Cafod. We discussed with the children the idea of perhaps holding your own Frugal Lunch for your household and sending the money you save into the class collection box, where we will quarantine it before sending to Cafod!

Congratulations: to Theo in Y3, Peter, David C, David T, George and Oliver H Y5 who have earned their maths sets. They have worked hard to learn all their times tables inside out and back to front – well done to all!

Parents' Evenings

The office are sending out invites for parent consultation meetings. Don't forget to log onto your child's email and accept the invitation.

Sports News

Thank you for your support of the Sponsored Walk, even though we were unable to invite you to attend. We raised an incredible £1509.50 – the biggest total ever. Well done, everyone!

With very best wishes for a lovely weekend
Joanna Sanchez
