

St. Philip's Catholic Primary School

Pupil Premium Strategy 2021/22

During 2021/22 (academic year) St. Philip's will receive £39220 of Pupil Premium.

The main barriers to educational achievement faced by eligible pupils at the school are:

- Inability of parents to support with school work due to various factors
- Poverty
- Family illness
- Special needs
- Emotional issues
- Missed schooling

To address these issues, the PPG will be spent in the following ways.

- | | |
|--|--------|
| • small group interventions with a teacher in maths and English. | £13200 |
| • small group intervention with a TA in maths and English | £14000 |
| • access to school and wider curriculum | £2000 |
| • Thrive and nurture | £8000 |

Children will be offered support with learning to help them fill gaps in their knowledge and understanding. We will also offer some practical support to enable children to access education and to not feel different from their peers.

The impact of pupil premium will be measured in various ways:

- Academic attainment and progress, using ARE, GDS and reading and spelling ages
- Attendance
- Improved behaviour

The pupil premium strategy will be reviewed again in September 2022
